driven by success

# Our Network

**The Industry**  
Beyond our schools, ACE connects a constellation of industry opportunities, including:  
— Partners on the local, national, and international level  
— Professors working in leading industry roles  
— Seminars with inspiring employers  
— Guest-taught masterclasses  
— Real-world project work and events  
Together, this mesh network of schools, and industry opportunities, encompasses the ACE Network.

ACE is fostering this network, which is defined by a philosophy that supports each of our schools with a unified vision.

**The Schools**  
At the center of our network are the ACE schools, which offer professional certifications, deep subject-area knowledge, and leading edge expertise. Together, our schools unlock opportunities for students to cross disciplines and get inspired by adjacent expertise.

# The Student Experience

"I joined CMH in 2019 as a Bachelor up to MBA 2 international Hospitality luxury brand management. I had various experiences in operations in Deauville, Brussels and Paris.

I worked as a guest relation-duty manager in Paris, and after this experience, where I learned so much, I felt the urge to look elsewhere, to discover the world. Now, I'm a guest relation manager at L'InterContinental © Bora Bora Thalasso & Spa. I'm the main contact for the resort's VIPs.

The network is very important, always keep good contacts with your employers."

Joseph, 1st year International Master in Hospitality and Luxury Brand Management

"My experience in the hotel business began in high school, at the age of 16, and continued until I obtained my MBA in International Hospitality Luxury Brand Management last year at CMH.

I first worked in Food & Beverage before moving into Rooms Divisions. I've been lucky enough to live in 4 different countries and have had a wide range of experiences in prestigious establishments."

Antonin, graduate student, Front Office at the Burj Al Arab
